

St. Marie's RC Primary School

P.E. and Sports Premium

What is the Sports Premium?

The Government has provided funding of £150 million per annum across all primary schools and academies to provide **new, substantial primary school sport funding**. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to Primary Schools to spend on improving the quality of sport and PE for all their children. The sport funding can only be spent on sport and PE provision in schools.

Purpose of funding

Schools will have to spend the sport funding on **improving their provision of PE and sport**, but they will have the freedom to choose they do this.

Sport at St. Marie's

Sports Premium Allocation 2021/2022 = £18, 150

Investment of the Sports Grant is planned for to ensure sustainability of PE and sports provision across our school. At St. Marie's RC Primary School, we believe that active participation in PE and other Sports creates happy, healthy children with a readiness to learn. It also equips children with the skills and enthusiasm for lifelong participation in physical activity and sport. Children's early experience of sport is crucial to the development of high levels of expertise. At St. Marie's this is promoted and developed through a combination of school based physical education as well as other structured activity programs run out of school hours. In 2021/2022 the PE and Sports Premium was spent in the following way.

How money was spent	Amount Spent
Curriculum support/tuition from Bury Schools Sports Partnership (used also as CPD) (Dance/Athletics/Multiskills KS1 and KS2)	£2730.00
After School Football Club/Cricket Club (outside agency: SC Education) After School KS1 Multiskills club (Outside agency: SC Education)	£2370.00
Intensive Swimming Lessons (Year 3 Spring Term)	£1000.00
Curriculum support in EYFS/KS1/SEN in KS2 (outside agency: SC Education)	£5040.00
School branded PE kit (hoodies)	£2888.00

Additional PE and Playground sports resources	£1472.49
New whole school Planning and Assessment tool (PE Passport)	£629.10
Outdoor Adventure equipment and scheme (Orienteering)	£2110.00
Athletics tournament (cross schools)	£100.00
TOTAL	£18,339.59 Additional money to be supplemented through the main school budget.

Impact on Participation and Attainment

In a survey (September 2022) 88% of KS2 children enjoyed PE. At KS1 85% of children enjoyed PE.

Specialist teachers for dance, multi-skills, gymnastics and athletics have improved the skills for all children. The specialist coaches have also been a valuable addition to staff CPD and all staff reported feeling more confident in teaching dance, multi-skills and gymnastics.

Multi-skills of the EYFS children have significantly improved due to specialist teachers once a week, as well as the after school clubs provided.

There are a range of after-school sports clubs on offer to the children. These include gymnastics, rounders and Multi-Skills for KS1 and gymnastics, football, netball and cricket for KS2.

After-School football and cricket clubs are paid for out of Sports Premium and are run by a specialist coach. These are open to all Year 4, 5 and 6 children and have benefited the children in recent sports tournaments and leagues.

With the addition of our new Outdoor Adventure resources (Orienteering), teachers are able to incorporate cross-curricular lessons which involve active learning at the heart of them. The orienteering resources are positioned around the whole school and can be used in isolated PE lessons, in Maths, English, Science and all foundation subjects. Staff have all been trained in delivering these effectively.

Year 3 swimming lessons took place in March 2022. At the start of the lessons only 4 out of 30 children could swim. At the end of the four-week intensive programme 100% of children gained Stage 1 or above in their swimming certificates.

The intensive Year 3 swimming lessons have had a significant impact on swimming in Year 5, with 80% of children gaining 10m and above, and 50% of children gaining 25m

September 2021– September 2022

or above in October 2021. With some children continuing their swimming lessons outside of school, by the end of Year 6, 60% of children can swim 25m or above. All children have gained the skills to use a range of strokes effectively, as well as to perform safe self-rescue in different water-based situations. The intensive swimming lessons have encouraged children to continue with this skill out of school and resulted in some children swimming for Salford Swimming Club and Ramsbottom Swimming Club. St. Marie's was entered into a swimming gala in June 2022, in which we had many successful participants.

New equipment for both the infant and junior playground has improved the basic throwing and catching skills of the children, as well as engaging them and helping to develop a love of Physical Education.

Our new PE Passport scheme for planning and assessment has ensured full coverage of PE, whilst being very accessible for all staff (including TAs) to follow. Staff are more confident in delivering PE with the detailed planning of lessons and the evidence of lessons is gathered effectively through photographs and videos in the app. The assessment is highly effective, and focus groups and individual children can be identified easily.
